

Artison Capped Art Lamps

Specification	Capped 12"	Capped 14"
Colour Temperature	2,700K	
Colour Rendering Index	>95+	
Beam Angle	2 x 40°	
Current Range	350 - 500mA	
Wattage @ 350mA	3.8W	
Wattage @ 500mA	4.6W	
Lumens @ 350mA	280Lm	
Lumens @ 500mA	340Lm	
Dimming	Yes	
Lamp dimensions - Length	221mm	284mm
Lamp dimensions - Width	25.5mm	
Lamp dimensions - Depth	25.5mm	
Distance between LEDs	5"	6"
Dimmable	Yes	
Expected lamp life	30,000 Hrs	
Warranty	3 years	

This range of art lights give great canvas coverage for medium sized paintings using our Artison art lamps which offer a high CRI 2700K warm white light in a capped picture light head.

The capped head ensures that the source of the light is completely shielded from view and the lamps can be rotated up or down the canvas to gain great illumination.

Currently available in 2 standard sizes, 12" & 14", these art lights can be dimmed as required.
